FEDERAL FINANCIAL AID STATUS

Students who have listed their major as “undeclared” are eligible for federal financial aid for the first 75 completed hours. These 75 completed hours includes all transfer credit, CLEP credit, and credit hours earned or awarded (S hours) at Mississippi State University. When a student completes 75 hours, they are NO longer eligible for federal aid until they declare a major.

If you have any questions about your financial aid, please call our office at 662-325-2450.

If you have academic questions about your status as an “undeclared” student, please call the University Advising center at 662-325-4052.

By signing this form below, you understand that if you apply for federal financial aid, it will not be available to you as an undeclared student who has earned 75 credit hours or more at Mississippi State University.
